Policy

Deferral and suspension of studies

1. Deferral and suspension of studies will only be granted in compassionate or compelling circumstances as included in the definitions above. The circumstances listed are example of what may be considered compassionate or compelling circumstances and each case will be assessed on its individual merits.

2. When determining whether compassionate or compelling circumstances exist, Everest Institute of Education (Ei) considers documentary evidence provided to support the claim, and stores copies of these documents in the student's file.

3. A retrospective deferment or suspension may be justified if the student was unable to contact Everest Institute of Education (Ei) because of a circumstance such as being involved in a car accident.

4. Where a student initiated deferral or suspension of enrolment is granted, Everest Institute of Education (Ei) will suspend an enrolment for an agreed period of time - to a maximum of 12 months. If the deferral is required for longer than 12 months, the student's application will be re-assessed. If the suspension period has expired and the student does not return, the student's enrolment will be cancelled.

Cancellation of studies

5. Students may initiate cancellation of their studies at any time during their course. Students who wish to withdraw within six months of their course to transfer to another provider will be processed as per Everest Institute of Education (Ei) Course Transfer Policy and Procedure.

6. Everest Institute of Education (Ei) may also initiate suspension or cancellation of a student's enrolment on the grounds of misbehaviour of the student or non-payment of fees. Information in the Domestic & International Student Handbook describes the behaviour expected by students, as well as information on plagiarism, collusion and cheating.

7. Cancellation of the student's enrolment due to unsatisfactory course progress or attendance will be handled as per Everest Institute of Education (Ei) Course Progress and Attendance Monitoring Policy and Procedures.

Visa status

8. Deferment, suspension or cancellation of a student's visa may affect the student's visa. When a student’s enrolment is deferred, suspended or cancelled, Everest Institute of Education (Ei) will notify DET via PRISMS of the change in enrolment status.

9. Where a student accesses the Complaints and Appeals process, Everest Institute of Education (Ei) will not notify DET via PRISMS until the internal appeals process is complete. Where the student chooses to access an external appeals process, DET will still be notified via PRISMS.

10. Students are referred to the DIBP web site (http://www.immi.gov.au/) or Helpline (131 881) for information and their local DIBP office for advice on how the potential change to enrolment status may impact upon his or her visa.

11. Once the DET has been notified of a suspension or cancellation of a student's enrolment, the student has 28 days in which to leave Australia or show the DIBP a new CoE or provide DIBP with evidence that he or she has accessed an external appeals process.

12. Regardless of whether the suspension of enrolment is the result of a student request for suspension or a suspension imposed by Everest Institute of Education (Ei) the period of suspension of enrolment (as entered in PRISMS) will not be included in attendance monitoring calculations.
Domestic and International Students

13. Where Everest Institute of Education (Ei) initiates the suspension or cancellation of a student’s enrolment, the student will be notified of this intention and will be informed that they have 20 working days to access Ei’s Complaints and Appeals Policy and Procedure, unless extenuating circumstances relating to the welfare of the student apply. Such circumstances may include where the student refuses to maintain approved care arrangements (only for students under 18 years of age), is missing; has medical concerns, severe depression of psychological issues which lead the provider to fear for the student’s wellbeing; has engaged or threatens to engage in behaviour that is reasonably believed to endanger the student or others; or is at risk of committing a criminal offence.

14. Students may choose to access an external appeals process as per Everest Institute of Education (Ei)’s Complaints and Appeals Policy and Procedure. In the case of an external appeal, Ei is not required to wait for the outcome of the external appeal before notifying DIBP of the change to the student’s enrolment status.

15. In relation to suspension, Everest Institute of Education (Ei) will continue to provide learning opportunities to students during the appeals process. However, where it is considered that a student should not attend classes during the appeals process, students will be provided with work that can be completed outside of the classroom environment.

16. Everest Institute of Education (Ei) provides information about its Deferral, Suspension and Cancellation Policy and Procedure on the above in the Domestic & International Student Handbook and at orientation.

17. Student may access all relevant forms for deferral or suspension through the Everest Institute of Education (Ei) via email or by direct request.

18. Standards of behaviour required are outlined in the International Student Handbook.

19. Appropriate records of the assessment of the student’s application for deferment, suspension or cancellation will be kept on the student’s file. Where a student is suspended or their enrolment cancelled due to misbehaviour, documentary evidence of this decision will also be kept.
