

## Everest Institute Genuine Temporary Entrant (GTE) Applicant Assessment Form

All prospective offshore students are required to complete this Genuine Temporary Entrants (GTE) Form.

As part of the Department of Home Affairs Student Visa requirements, Everest Institute is required to ensure that all prospective international students are genuine students committed to studying in Australia, and have the financial ability to pay for all costs whilst studying in Australia.

### About this Form

- This form is to assist in determining the level of interest you have in a preferred course or qualification. This form is an essential component in the visa process to ensure that all prospective students are genuine in their intent to study in Australia.
- Assessment of the GTE provides a safeguard to ensure that only genuine applicants are granted a student visa and study in Australia.
- The GTE requirement considers whether the overall individual circumstances of an applicant indicate that their intention is for a temporary stay in Australia. Assessment of the GTE requirement takes into account a number of factors relating to an applicant such as their immigration history, circumstances that may encourage the applicant to return to their home country and circumstances that might encourage them to remain in Australia.
- Everest Institute may require you to provide more information, additional documents or attend an interview before we can issue a Confirmation of Enrolment (COE)
